

SETTING UP THE APPLICATION ENVIRONMENT

CREATE IBM CLOUD ACCOUNT

DATE	27 October 2022
TEAM ID	PNT2022TMID20512
PROJECT NAME	Inventory Management System for Retailers

Create IBM Cloud Account:

The screenshot displays the IBM Cloud Dashboard interface. At the top, the browser address bar shows 'cloud.ibm.com'. The dashboard header includes a search bar, 'Catalog', 'Manage', and the user's account name 'Akaash V's Account'. A 'Create resource' button is prominently displayed in the top right corner. The main content area is divided into two sections. The upper section, titled 'For you', features a grid of seven cards: 'Build' (purple), 'Create an OpenShift cluster' (20 min), 'Explore IBM Cloud Shell' (2 min), 'Get Started with the CLI' (10 min), 'Create a Kubernetes cluster' (20 min), 'An essential guide to Kubernetes' (1 hr), and 'Create an app from scratch' (Recommended). The lower section contains four panels: 'News' with a list of updates, 'Recent support cases' with a 'View all' link, 'Planned maintenance' with a 'View all' link, and 'IBM Cloud status' showing 'No issues' with a green checkmark and a world map. A sidebar on the left contains navigation icons for various services like Kubernetes, Cloud Functions, and Cloud Object Storage.
